#### PRAYERS

#### Let us pray:

Loving God,  
on this day we bring you our prayers for others,  
asking you to bless their lives.  
Today we pray for all whose lives were touched  
by the Piper Alpha disaster.  
Bless and uphold those who still mourn their loved ones  
and for whom this will always be a day of loss.

**Minister:** Lord hear us,

**Congregation:** Lord graciously hear us.

We pray too for those who survived the tragedy,  
and for any who were involved in the rescue efforts.  
Help them today, as they recall past memories  
of the events that they witnessed on Piper Alpha.

**Minister:** Lord hear us,

**Congregation:** Lord graciously hear us.

We pray for all those who still work in this industry,  
providing the natural resources of oil and gas.  
Encourage those who do this pioneering work,  
for the sake of our society.

**Minister:** Lord hear us,

**Congregation:** Lord graciously hear us.

We pray for those who work here on Piper Bravo,  
and for others who work in similar places.  
Bless our loved ones at home, who are in our thoughts today,  
and with whom we will soon be reunited.

**Minister:** Lord hear us,

**Congregation:** Lord graciously hear us.

Now in a moment of stillness, we bring you our own prayers,  
entrusting our joy and our sadness to your care.  
In a moment of quietness  
we pray for any known to us who need your blessing,  
also praying for ourselves.

*Quietness*

**Minister:** Lord hear us,

**Congregation:** Lord graciously hear us.

These and all our prayers  
we offer through Jesus Christ our Lord  
and now in the words that he taught us we pray together, saying:

**Congregation:** Our Father, who art in heaven,  
Hallowed be thy name.  
Thy Kingdom come.  
Thy will be done,  
on earth as it is in heaven.  
Give us this day our daily bread.  
And forgive us our trespasses,  
as we forgive those who trespass against us.  
And lead us not into temptation,  
but deliver us from evil:  
For thine is the Kingdom, the power,  
and the glory, for ever and ever.

**Amen.**
